Deputy Commissioners Office
Hassan district
Dated. Hassan 10th June 1893.

From
P. N. Purnaiya Esqr
Deputy Commissioner
Hassan district.

To
The Chief Secretary
to the Government of Mysore.

Sir,

I have the honor, in submitting herewith Budget estimates of the Municipalities in the district, for the year 1893-94 for sanction, to state as follows:

The provisions made in them have been considered over by the respective Boards and scrutinized in my office and only items as are necessarily required — for the better sanitation and improve-

of the Towns are approved by me and the statements prepared accordingly.

2. The present mode of the office work as per recent organization requires exclusively one hand to assist the Vice Presidents in their office works. The Gumastas in the Taluk Cutcheries have sufficient work for themselves and at present this is entrusted in the Taluk Cutcheries to irresponsible and low paid officials In the current year's Budget allowances for the marginally noted municipalities have been sanctioned and for the rest disallowed. It has this year been proposed by the Boards of Chairmanpalaiyam

1 Arcot
2 Banaganapalle
3. Hanumanthu
4 Adoor.

Belen, sahlesher, Arkalgudu and Holenarsipur to give a small allowance of not less than Rs 3 to the Gumastas and entrust the business to them. Provisions have accordingly been made in the Budgets. Funds are available for this increase.

3. The senior Surgeon having sent in lists of articles required for the various dispensaries in the district, $\frac{1}{3}$ cost of the same is included in the Municipal Budgets, as usual, reserving the $\frac{2}{3}$ for being provided in the district Fund Budget.

4. In the Belen Municipality there was no one to supervise works of the sweepers and so no

one was procurable for a Jobs work as sanctioned in the Budget a beon was appointed by the Board on a salary of Rs 6 to ensure better supervision of the sweepers showing a saving of Rs 2 in the item. Arrangements have been made to procure "Jobs" and provision for a muffadam on Rs 7 to supervise the sweepers is made.

5. In the Hole Bazaribun Insanitary locality provision is made for lessening the number of sweepers by one and appointing a beon instead, as the Town is large and not easily supervised by only one beon, as is recommended by the Board, without any additional charge.

6. A sum of Rs 250 is provided under "Lighting" for getting Lamps

Rs 6

as well as for oil, which re
Lighting is purposed by the Town-
Cooble and strongly recommended
by the Board. But the annual
income is insufficient to incre
more heads of permanent charg.

7. In the Sanitation Municip-
ality provisions of Rs 1000 each
under "contribution for a new
school and acquiring lands
for the extension of the Town" are
made. As regards the former
there being no chance to locate
both the Taluk vernaculars and
the municipal English schools
in one building, the Education
secretary decides the removal
of the municipal English school-
which therefore — now is held
in an unsuitable rented building

It is proposed to construct a building for the purpose, obtaining the all available grant-in-aid and to meet the proportionate contribution from the Municipality. The provision aforesaid has been made in the Budget. As regards the latter, the town is pressed for building sites and only eligible site has to be acquired by paying heavy compensation as the plot is all comprised of Coffee Kittals and some Pariah huts. These Pariahs have to be removed to the Vodda-Holageri which is some three furlongs away.

8. I beg to enclose herein, a statement showing the probable balances that would be left at the credit of the various Municipalities even after according sanction to the provisions

contained

contained in the accompanying Budgets. It will be seen that the maximum limit for Closing Balances is not touched upon and that therefore the provisions are acceptable, which, considering the present condition of the Towns are very desirable.

9. I therefore request you will be good enough to obtain sanction of Government for all the items.

I have the honor to be
Sir
your most obedient servant
P. Murugaya

Deputy Commissioner
Hassan District.

The diminished procession ~~provides~~ however the salary of the ~~for~~ Mucceddy, ~~on~~ at Rs 12 per mensem whose services were ordered to be done away with in Govt Pro. Dy 11/7/93 and 19/10/93 vide 360-61/ST 151-92 and 3332-3/ST 298-92 respectively on the recommendation of the Municipal Board. The provision made (Rs 144) on this account will be disallowed and the estimate reduced to Rs 2440

~~whom the Municipal Board~~ proposed to do away with, ~~the~~ ~~duty~~ entrusting the duty of collecting the taxes to the village ~~officials on payment of commission~~. The Dy Coms is therefore requested to explain ~~the reasons for~~ why provision has been made in the Budget for the Mucceddy and what amount has to be entered on account of commission, if the collecteon is to be managed by the village servants. Pending explanation, the estimate proposed ~~will not be disturbed~~.

the provision (Rs 144) made for the hire of a bull for the Conservancy cart appears excessive and ~~needlessly~~ so. Instead of hiring a bull at a cost of Rs 144 per annum, the DJ (Com) is requested to state whether it would not be more advantageous to purchase a pair of bullocks and maintain them at the cost of Municipal funds. Pending information, the estimate will stand, the other items calling for no special remarks.

(10) VIII Public works The provision made for the marginally noted works proposed to be executed during 1893 94 and is passed. Re

necessity for a market at the high cost of Rs 3700 & the probable receipts thereon should be reported when the estimate for it is submitted for sanction.

(11) VII Lighting The provision of Rs 220 newly proposed for the purchase of 6 lamp posts accounts for the increase in the estimate, which is sanctioned

(12) IX Charitable Grants The President proposes to increase the salary of the Midwife from Rs 25 to 30 Rs per mensem. Hence the increase in the estimate. The proposal to raise the salary of the Midwife, which from the enclosure of a separate

The D. Com. is therefore requested to state the amounts that have to be entered under this head as well as on the

(15) Item 3 The necessity for this new provision should be fully explained

(16) Item 4 The details of the lumpsum provision proposed should be furnished

(17) Item 5 ~~Before accepting this enhanced provision~~, the Govt is requested to state the extent of the garden, the kind and number of trees thereon contained, whether ~~and of what~~ the garden is ~~used~~ frequented by the public and why no revenue is entered under "VIII Rents" on the side of receipt from the sale proceeds of the garden produce

(18) Item 6 The large provision of Rs 1000 stated to be for Mango plantation without the necessary details being furnished cannot be approved. The necessity for the Municipality should likewise be explained. ~~provision~~ should be ~~supplied~~ explained. ~~at once~~ The estimate will ~~have~~ be retained pending explanation

The large sum of 1000 Rs under 35 "Compensation" is alleged to be for town ~~extension~~. Considering the largeness of this sum, the provision of 200 Rs ~~under~~ on the receipts side under "Sale of Lands" appears to be too small. Should there be any real demand for house sites Govt expect that the sale of house sites would fetch as large a sum as the amount invested in the acquisition of the sites by Govt. The Dy Com^r is requested to explain this matter. He should also explain in more detail the circumstances under which the municipal English School was removed from its old habitation rendering necessary the contribution of 1000 Rs towards the proposed new School. (1) HASSAN.

2. The estimated receipts of this Municipality for the year 1893-94 amount to Rs. 8,123 against Rs. 9,736, the actuals of 1891-92, and Rs. 7,974, the sanctioned estimate for 1892-93.

3. *I. Octroi.*—The decrease compared with the actuals of 1891-92 under this head, which is chiefly in "Class II. Sheep and Goats" and "Class VII. Cloths" has not been explained. The omission should be supplied. Meanwhile the estimate which is based upon the probable collections of 1892-93 will be retained.

4. *II. Tax on Houses and VII. Mohatarfa.*—The estimates under these heads will stand, pending explanation as to whether the taxes have not been revised in this Municipality and if so, the report called for in Government Proceedings, dated 29th October 1891, No. 8179-86—L. 647, on the result of the revision should be submitted early.

5. *X. Miscellaneous.*—The net increase of Rs. 621 under this head compared with the actuals of 1891-92 is the result of a gross increase of Rs. 999 and of a gross decrease of Rs. 378 in the items specified in the margin. The variations under these sub-heads have not been explained. The omission should be supplied. Meanwhile the estimate will stand.

6. Including the opening balance of Rs. 7,997, the sum available for expenditure during 1893-94 is Rs. 16,120, of which Rs. 13,390 are proposed to be expended, leaving a balance of Rs. 2,730 at the end of the year.

7. *II. Head Office.*—The estimate under this head, which provides for an increase of Rs. 42 over the sum of Rs. 18 sanctioned for 1892-93, on account of office contingencies, does not include the contribution payable by the Municipality towards the cost of establishments maintained in the Comptroller's and Dewan's Offices. This omission occurs in respect of the remaining Municipalities of this District also. A sum of Rs. 274, which the Hassan District has to contribute, will be apportioned among the various Municipalities in proportion to their receipts as shown in the following statement and the estimates under this head raised accordingly :—

The total estimate sanctioned for Hassan under this head will thus amount to Rs. 521.

8. *III. Collection.*—The decrease under this head is due to the proposed abolition of 2 of the 6 peons now existing on account of the collection of octroi. The diminished provision includes however the salary of the Mutsaddi, whose services were ordered to be done away with in Government Proceedings, dated 11th July 1893 and 19th August 1893, Nos. 360-61—L. F. 157-92 and 3332-3—L. F. 298-92, respectively, on the recommendation of the Municipal Board. The provision made (Rs. 144) on this account will be disallowed and the estimate reduced to Rs. 240.

12. *IX. Charitable Grants.*—The President proposes to increase the salary of the midwife from Rs. 25 to 30 per mensem. Hence the increase in the estimate. The proposal to raise the salary of the midwife should form the subject of a separate correspondence showing the necessity for the increased rate of pay, while midwives employed in the Taluks are allowed only Rs. 15. Meanwhile the sanctioned estimate for 1892-93 will be repeated in the present Budget.

13. *XI. Miscellaneous.*—The details of the provison under this head are as given below:—

15. *Item* 3.—The necessity for this new provison should be fully explained.

16. *Item* 4.—The details of the lumpsum provision proposed should be furnished.

17. *Item* 5—The Deputy Commissioner is requested to state the extent of the garden, the kind and number of trees therein contained, whether the garden is frequented by the public and why no revenue is entered under "VIII Rents" on the side of receipt from the sale proceeds of the garden produce.

18. *Item* 6.—The large provision of Rs 1,000 stated to be for mango plantation without the necessary details being furnished cannot be approved. The necessity for the plantation and its utility should be reported. The estimate will be omitted pending explanation

19. The other items call for no remarks.

21. *I. Octroi.*—The decrease in the estimate which is chiefly in "Class VII. Cloths" has not been explained. The omission should be supplied Meanwhile the estimate will stand.

22. *II Tax on Houses and VII. Mohatarfa* —The estimates under these heads are allowed to stand subject to the explanation called for in Para 4 *supra.*

23. *X Miscellaneous* —The decrease in the estimate under this head is chiefly in "(*h*) Other Items," under which a sum of Rs. 135 being the unexpended balance on hand with the Vice-President, was credited on the last day of the year, no such receipt being expected during 1893-94. The estimate is approved.

24. Including the opening balance of Rs. 3,411, the sum available for expenditure during 1893-94 is Rs. 4,519, of which Rs. 1,722 are proposed to be expended, leaving a balance of Rs. 2,797 at the end of the year.

25. *II. Head Office.*—For reasons given in Para 7 *supra,* the estimate under this head will be raised by Rs. 14.

26 *VII Lighting.*—The new provision made under this head which is on account of the purchase of 4 lamp-posts at a cost of Rs. 100 and lighting them at a cost of Rs 50 is sanctioned.

27. *VIII. Public Works* —The provision made is for the marginally noted works proposed to be executed during 1893-94 and is passed.

28 *IX Charitable Grants* —The increase under this head is due to the provision newly made on account of the furniture of the Dispensary. Government observe that furniture according to the fixed standard has been supplied

but recently. The necessity for an additional sum required during 1893-94 should be explained. Moreover the provision under this head includes Rs. 20 on account of the travelling allowance of the Hospital Assistant. As this item is properly debitable to the Medical Budget, the amount will be struck out. Pending explanation above called for, the estimate will stand at Rs. 159.

29. *XI. Miscellaneous.*—The provision of Rs. 118 made in the present Budget does not include the feeding charges of the impounded cattle. The estimate will not however be disturbed, pending the information similar to that called for in Para 14 *supra*. As the balance of Rs. 2,797 in favor of the Municipality is unduly high, the Deputy Commissioner is requested to propose a further expenditure of Rs. 1,500 on useful conservancy and well works.

32. *II. Tax on Houses and VII. Mohatarfa.*—The estimates under these heads are retained subject to the submission of information called for in Para 4 *supra*.

33. Including the opening balance of Rs. 4,809, the sum available for expenditure during 1893-94 is Rs. 7,684, of which Rs. 5,628 are proposed to be expended, leaving a balance of Rs. 2,056 at the end of the year.

34. *II. Head Office*—The provision under this head includes the allowance of Rs. 36 proposed to be paid to the Taluk Gumasta for doing Municipal work, but does not include the contribution payable towards the cost of the Head-quarter establishments. As directed in Para 5 of Government Proceedings, dated 21st March 1892, No. 14856-67—L. 1571, a separate reference should be submitted in regard to the allowance. Pending such reference the provision made will be struck out and in lieu thereof a sum of Rs. 36 will be entered on account of contribution payable by this Municipality under Para 7 *supra*.

35. *IV. Conservancy.*—The Board propose the employment of an additional sweeper on Rs. 6 per mensem. The proposal and the estimate are sanctioned.

36. *VII. Lighting.*—The increased provision under this head is stated to include the value of new lamp-posts. The details showing the number of existing lamps, and the number of new lamps to be purchased and their cost should be furnished. Meanwhile the estimate will stand.

37. *VIII. Public Works.*—The provision under this head consists of the following items:—

		Rs.
(1)	Forming new roads	50
(2)	Repairing roads	350
(3)	Constructing V drains	300
(4)	Do in-door ward	300
	Contribution towards the cost of School House	1,000
(5)	Filling in a trench	300
(6)	Compensation for lands ...	1,000
		3,300

The large sum of Rs. 1,000 under "Compensation" is alleged to be for town improvement. Considering the largeness of this sum, the provision of Rs. 200 on the receipt side under "Sale of lands" appears to be too small. Should there be any real demand for house-sites, Government expect that the sale of house-sites would fetch as large a sum as the amount invested in the acquisition of the sites by Government. The Deputy Commissioner is requested to explain this matter. He should also explain in more detail the circumstances under which the Municipal English School was removed from its old habitation rendering the necessary contribution of Rs. 10,000 towards the proposed new school. Subject to the explanations above called for, the provision under the above head is allowed to stand.

38. *IX Charitable Grants.*—The provision newly made on account of $\frac{1}{3}$rd cost of furniture for the Local Fund Dispensary accounts for the increase in the estimate, which includes Rs 20 on account of the travelling allowance of the Hospital Assistant in charge of the Dispensary. As this item is properly chargeable to the Medical Budget, the amount will be struck out and the estimate reduced to Rs. 177.

39. X. *Education.*—The proposed employment of an Assistant Master on a salary of Rs 15 per mensem accounts for the increase in the estimate. The proposal for the entertainment of an additional teacher should form the subject of a separate reference. Pending such reference and sanction of Government thereto, the new provision of Rs. 135 will be struck out.

40. *XI. Miscellaneous.*—The provision made is for the following purposes. Rs. 700 for a cattle-pound seems to be too high. The necessity for such large estimate should be explained. Meanwhile and pending the submission of information called for in Para 14 *supra*, the estimate will stand.

		Rs.
(1)	Commission to Pound-keepers	150
(2)	Constructing cattle-pound	700
(3)	Rewards to dog and snake killers	10

45. *II. Head Office.*—The provision made under this head includes the monthly allowance of Rs. 36 proposed to be paid to the Taluk Gumasta for doing Municipal work, but does not include the contribution of Rs. 28 payable by this Municipality towards the cost of Head-quarter establishments. Pending the submission of a separate reference in regard to the increase of establishments as directed in Government Proceedings, dated 21st March 1892, No. 14856-67—L. 1571, the former item of Rs. 36 will be struck out and for the latter a sum of Rs. 28 will be entered in the Budget in accordance with Para 7.

66. X. *Miscellaneous.*—The decrease in the estimate under this head is the result of a gross decrease of Rs. 441 in the marginally noted items and of a gross increase of Rs. 13 in "(*d*) Pounds." (*g*) Sale of manure "and" (*i*) "Sale of grass." The omission of estimate under (*f*) "School fees" is probably due to the school having been closed If so, the Deputy Commissioner is requested to state why the school was closed. 86. *VII. Lighting.*—The small increase provided on account of oil and contingencies will be allowed to stand, subject to the submission of details in regard to the existing number of lamps and the cost of lighting each lamp.

87. *VIII. Public Works.*—The provision made is for the marginally noted works and is approved.

88. *IX Charitable Grants.*—The enhanced provision under this head includes a new item of Rs. 19 on account of furniture and Rs. 20 for the travelling allowance of the Hospital Assistant. The former item will be passed, but the latter item, which is properly debitable to the Medical Budget, will be struck out.

89. *X. Education.*—The increase under this head is due to the provision made for the increase of the salary of the Master from Rs. 15 to Rs. 25 per mensem. The Education Secretary approves of the proposal. The increase is therefore sanctioned and the provision approved.

90. *XI. Miscellaneous.*—The estimate under this head consisting of the marginally noted two items will be retained subject to the submission of information called for in para 14 *supra*.

(10) HOLE-NARSIPUR.

91. The President estimates the income of this Municipality for 1893-94 at Rs. 1,863 against Rs. 1,942, the actuals of 1891-92.

92. *II. Tax on Houses and VII. Mohatarfa.*—The estimates under these heads will be allowed to stand, pending the submission of information called in Para 4 *supra*.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Local Boards Branch—Municipal),—dated 20th October 1893.

93. *X. Miscellaneous*—The decrease under this head is chiefly in "(*a*) Sale of lands" and "(*f*) School fees." The decrease in the former is probably due to there being a less number of house sites available for sale, but that under the latter requires explanation. Pending explanation, the estimate will stand.

94. Including the opening balance of Rs. 3,416, the sum available for expenditure during 1893-94 is Rs. 5,279, of which Rs. 4,163 are proposed to be expended, leaving a balance of Rs. 1,116 at the end of the year.

95. *II. Head Office.*—The estimate under this head includes Rs. 36 on account of the allowance proposed to be given to Taluk Gumasta for doing Municipal work, but does not include the contribution payable by this Municipality towards the cost of establishments in the Head-quarters' offices. For reasons given in paras 34 and 7 *supra*, the item of Rs. 36 will be struck out and in lieu thereof Rs. 23 will be entered under this head.

96. *VII. Lighting.*—The new provision made for purchasing 16 lamps and lighting them during the year is approved.

97. *VIII. Public Works.*—The provision made for the marginally noted works proposed to be executed during 1893-94 includes Rs. 250 for the construction of a chavadi. The necessity for the chavadi being built at the cost of Municipal funds in the Head-quarters of a Taluk should be fully explained. Pending such explanation, the estimate will be struck out.

98. *IX. Charitable Grants.*—The increased estimate under this head includes the provision (Rs. 17) newly made on account of furniture and also Rs. 20 on account of the travelling allowance to the Hospital Assistant. The latter item chargeable to the Medical Budget will be struck out and the former item retained.

99. *X. Education.*—The Board propose to raise the salary of the Head Master from Rs. 20 to Rs. 25 per mensem and to employ an Assistant Master on Rs 10. Hence the increase in the estimate. A separate reference should be submitted in regard to the increases proposed as directed in para 5 of Government Proceedings, dated 21st March 1892, No. 14856-67—L. 1571. Pending such reference, the new items will be struck out.

100. *XI. Miscellaneous.*—The estimate under this head will stand subject to the submission of information called for in para 14 *supra*. It is noted that the correct total of the sanctioned estimate for 1892-93 under the head is Rs. 56 as entered in the Budget Statement No. 1 and not Rs. 6 as erroneously entered in Budget Statement No. III. The attention of the Deputy Commissioner is invited to para 5

of Government Proceedings, dated 8th December 1889, No. 6861-70—157, and I is requested to see that in the future the Budget statements are more carefully pre pared in accordance with the instructions therein contained.

101 The estimated receipts and expenditure of the newly constituted Mun cipalities of Grama and Konanur, which have been separately passed, will also b shown in the accompanying Appendices A, B and C.
